

# West Pharmaceutical Services, Inc.

Committed to quality, collaboration, service and innovation

West is a leading global manufacturer in the design and production of technologically advanced, high quality, integrated containment and delivery systems for injectable medicines. We are a trusted partner to the world's top pharmaceutical and biotechnology companies—working by their side to improve patient health.

## West Offers Proprietary Packaging, Containment and Drug Delivery Products

- **Stoppers and seals for injectable packaging systems:** to help ensure drug compatibility and stability, while also supporting operational efficiency
- **Syringe and cartridge components:** including custom solutions for the specific needs of injectable drug applications
- **Self-injection systems:** innovative, patient-centric technologies that are easy to use and can be combined with connected health technologies that have the potential to increase adherence
- **Containment and delivery systems:** including Daikyo Crystal Zenith®—a high performance polymer alternative to glass that can meet the challenges of sensitive biologics

## Contract Manufacturing – Pharmaceutical, Biotech and Diagnostic

West contract manufacturing harnesses a powerful combination of innovation, technology, infrastructure and expertise to serve the pharmaceutical, medical and consumer industries. Along with more than 50 years of experience, we bring customers quality, safety and reliability in injection molding, contract assembly and finished packaging from our eight locations throughout North America and Europe.
