Partnerships in Clinical Trials Europe | 28-29 November 2017 | RAI, Amsterdam

by

Join 1000+ clinical industry professionals in Amsterdam this November at PCT Europe for key updates surrounding clinical trial regulations, innovations and partnerships. Find out what your peers have been up to over the past year as well as where the industry is heading, and put yourself at the heart of the latest clinical discussions...

PCT Europe combines the latest information from across the clinical trials industry with direct access to leading innovators discussing the latest in clinical research, data and updates. Join 1000+ industry experts for 8 tracks covering:

- Partnerships and Collaboration
- Investigator and industry: How can they work together?
- Mobile eHealth
- Governance, Oversight and Quality
- Partnership Management
- Patients as Partners
- Disruptive Innovation, Technology and Big Data
- Small to Mid-Size Pharma and Biotech

Enhance your pass with one of 5 pre-conference workshops delving into; Outsourcing and partnering; Making new treatments for patient focused; Project management in clinical trials and conflict and communication; Clinical trial budget management; and Biomarkers in early clinical development.

PLUS, benefit from meeting 3 conference audiences as this year's PCT Europe is co-located with Early Clinical Development and Clinical Trial Supply.
