Quick Listen: Scrip's Five Must-Know Things

Coronavirus Vaccines, Psoriasis, China Oncology And More

by **Ian Haydock**

Join us for a quick audio roundup of five useful things to know from *Scrip's* recent coverage of the global biopharmaceutical industry.

Take a brief audio tour around *Scrip's* Five Must-Know Things, in this episode covering major biopharmaceutical developments in the business week ended 24 July 2020.

Progress with coronavirus vaccines, a new contender in psoriasis, oncology strategy in China and a new trial in spinal muscular atrophy are on the table this week.
