Quick Listen: Scrip's Five Must-Know Things

by **Ian Haydock**

Join us for a quick audio roundup of five useful things to know from *Scrip's* recent coverage of the global biopharmaceutical sector.

Take a brief audio tour around *Scrip's* Five Must-Know Things, in this episode covering major developments in the business week ended 21 August 2020.

Making headlines this time are two targeted acquisitions by big pharma, negative US FDA decisions and the outlook for the COVID-19-related business.
