Quick Listen: Scrip's Five Must-Know Things

by [Ian Haydock](#)

Join us for an audio catch-up on the latest major developments in the global biopharma industry, as reported by *Scrip's* global team, in this mini podcast version of Five Must-Know Things.

This episode includes major insights from around the biopharma world for the business week ended 8 January 2021.

This week, we take a look at a high-profile corporate logo change, further coronavirus vaccine developments, major drug launches last year despite the pandemic, and what one Japanese firm has been doing to cope with the new normal.

These podcasts are available on the Pharma Intelligence channel on Apple Podcasts, Google Play, SoundCloud and TuneIn and via smart speakers if one of these channels has been set up as your default podcast provider.
