Quick Listen: Scrip's Five Must-Know Things

by Ian Haydock

In this week's podcast edition of Five Must-Know Things: Pfizer buys into hematology; changes at the top at J&J; the outlook for solid tumor drug approvals; mRNA vaccine progress in India; and a look at diversity in clinical trials.

Join us for an audio catch-up on the major events in the biopharma industry over the past business week, as reported by *Scrip*'s global team, in this podcast version of Five Must-Know Things.

This episode covers insights for the business week ended 27 August 2021, including: *Pfizer Inc.* buys into hematology; changes at the top at *Johnson & Johnson*; the outlook for solid tumor drug approvals; mRNA vaccine progress in India; and a look at diversity in clinical trials.

This and all our other podcasts are available on the Informa Pharma Intelligence channel on *Apple Podcasts*, *Google Podcasts*, *SoundCloud*, *TuneIn* and *Spotify Podcasts*, and via smart speakers if one of these platforms has been set up as your default podcast provider.
